¹ 35 U.S.C. §1.48(b) Nonprovisional application-fewer inventors due to amendment or cancellation of claims. If the correct inventors are named in a nonprovisional application, and the prosecution of the nonprovisional application results in the amendment or cancellation of claims so that fewer than all of the currently named inventors are the actual inventors of the invention being claimed in the nonprovisional application, an amendment must be filed requesting deletion of the name or names of the person or persons who are not inventors of the invention being claimed. Amendment of the inventorship requires:

(1) A request, signed by a party set forth in § 1.33(b) [patent attorney/agent, assignee, or applicants], to correct the inventorship that identifies the named inventor or inventors being deleted and acknowledges that the inventor's invention is no longer being claimed in the nonprovisional application; and

(2) The processing fee set forth in § 1.17(i) [\$130.00 for correcting inventorship].

The above-referenced inventor is being deleted due to cancellation of claims. This omission occurred without deceptive intent on the part of the any of the inventors, including the above-identified, deleted inventor. Please charge the required fee of \$130.00 to Deposit Account No. 50-3420. Should there be any additional fees required, please charge such additional fees to Deposit Account No. 50-3420, reference 31175413-004002 (MDB).
